From May 1-October 31, 2010, one of the largest events in history is taking place in Shanghai — The World Expo 2010. Over 70 million people attending and 192 nations. And YOU can be there.

The U.S.A. Pavilion will feature an exhibit entitled “Chinese in America, We are Family,” to demonstrate America’s unique strengths as a nation providing opportunity for all. The video wall will show thousands of photos of Chinese living in the U.S., organized by family name.

We call upon everyone of Chinese descent across America to submit their photos and be part of the wall. Show the world our achievements in America and our collective pride in our Chinese heritage. It’s easy. And it’s free!
